

BRIGHT LIGHTS! *by Paul McGrath*

The Kindness Project reception

The opening reception for Upper Lynn elementary's art exhibition "The Kindness Project," took place Jan. 7 at the North Vancouver District Library Lynn Valley branch, with students, family and school staff joining in the event. For the exhibit, all students and staff created a small painted wooden blocks with a bird theme, the international symbol for peace, as they strive to make their school a place where kindness happens every day. Students know that an act of kindness can be contagious and leave everyone feeling positive. The exhibition of kindness continues at the library until March 11.
